

Metagenics®

Genetic Potential Through Nutrition

Join Metagenics for an exclusive dinner presentation on the topic of Probiotics and the Gut Microbiome presented by Dr. Malisa Carullo, ND, Clinical Affairs Liaison for Metagenics.

Dr. Carullo is a graduate of the National University of Health Sciences (NUHS), and the University of Ottawa, where she pursued her research studies, focusing on genetics and molecular evolution. She has an interest in biological medicine and its treatment of chronic diseases, as well as healthy age management.

Attendees will:

- Understand the impact of the gut integrity on immune function and autoimmunity
- Explore research surrounding the microbiome, its effect on immune function and gut integrity, and strategies for managing leaky gut
- Understand how to develop a patient profile and address concerns using targeted probiotics
