

Continued Health Education
You are cordially invited to a CHE session entitled:

***Putting theory into practice:
Adding a probiotic to antibiotic treatment***

Learning objectives:

1. The consequence of antibiotic use, with an emphasis on diarrhea and *C. difficile* infection
2. Review evidence in support of available probiotics to prevent diarrhea, benefits, and risks
3. Information to share with patients taking antibiotics when providing a professional opinion
4. How to recommend a probiotic with precision
