Advocating Excellence  
in Practice and Care

# IMPORTANT NOTICE

With rare exceptions and according to the pharmacist's judgement, we will provide patients with medication for 30 days only.

This directive is from the Ministry of Health and aims to ensure that all patients have access to their medications.

## PLEASE REMEMBER

Currently there are no early warning signs of a global drug shortage.

Providing patients with a 30-day supply of medication will help pharmacists continue to ensure a stable supply for all.
