

Training Environment Access

To become familiar with the COVaxON solution prior to the go-live date, you will have access to a training environment. You can login using one of the below generic accounts and practice performing your activities within the system.

Note: this is a training environment and therefore any data that exists is not real data and you may notice certain functions not performing exactly as intended because of changes taking place in the environment. Feel free to attend the office hours for any support you may require.

Instructions:

- Open this link in a Chrome, Safari, or Microsoft Edge browser - <https://covaxon--training.my.salesforce.com/>
- Enter in one of the below username and password combinations in the login screen based on the functions you want to perform
- Feel free to drop into the open office hours for questions or support while you practice in the system
- The job aids overviewing the functionalities are available for reference while you practice
- If you have trouble using one of the below accounts, try using another account
